

1646. *Ficus albipila* (Miq.) King; Moraceae; extinct
 1647. *Ficus annulata* Blume; Moraceae; extinct
 1648. *Ficus apiocarpa* Miq.; Moraceae; endangered
 1649. *Ficus aurantiaca* Griff. var. *aurantiaca*; Moraceae; common
 1650. *Ficus aurata* Miq. var. *aurata*; Moraceae; vulnerable
 1651. *Ficus auriculata* Lour.; Moraceae; cultivated only
 1652. *Ficus barteri* Sprague; Moraceae; cultivated only
 1653. *Ficus benghalensis* L.; Moraceae; casual
 1654. *Ficus benjamina* L.; Moraceae; weed of uncertain origin
 1655. *Ficus binnendykii* Miq.; Moraceae; critically endangered
 1656. *Ficus botryocarpa* Miq.; Moraceae; extinct
 1657. *Ficus bracteata* Wall. ex Miq.; Moraceae; critically endangered
 1658. *Ficus buxifolia* De Wild.; Moraceae; cultivated only
 1659. *Ficus caulocarpa* (Miq.) Miq.; Moraceae; common
 1660. *Ficus celebensis* Corner; Moraceae; cultivated only
 1661. *Ficus chartacea* Wall. ex King; Moraceae; vulnerable
 1662. *Ficus consociata* Blume; Moraceae; critically endangered
 1663. *Ficus crassipes* F.M. Bailey; Moraceae; cultivated only
 1664. *Ficus crassiramea* Miq.; Moraceae; critically endangered
 1665. *Ficus delosyae* Corner; Moraceae; extinct
 1666. *Ficus deltoidea* Jack; Moraceae; critically endangered
 1667. *Ficus destruens* F. Muell. ex C.T. White; Moraceae; cultivated only
 1668. *Ficus dubia* Wall. ex King; Moraceae; critically endangered
 1669. *Ficus elastica* Roxb. ex Hornem.; Moraceae; casual
 1670. *Ficus excavata* King; Moraceae; extinct
 1671. *Ficus fistulosa* Reinw. ex Blume; Moraceae; common
 1672. *Ficus francisci* H. Winkler; Moraceae; cultivated only
 1673. *Ficus glandulifera* (Wall. ex Miq.) King; Moraceae; critically endangered
 1674. *Ficus globosa* Blume; Moraceae; endangered
 1675. *Ficus grossularioides* Burm. f. var. *grossularioides*; Moraceae; common
 1676. *Ficus heteropleura* Blume; Moraceae; common
 1677. *Ficus irregularis* Miq.; Moraceae; cultivated only
 1678. *Ficus kerkhovenii* Valetton; Moraceae; critically endangered
 1679. *Ficus kurzii* King; Moraceae; cultivated only
 1680. *Ficus laevis* Blume; Moraceae; critically endangered
 1681. *Ficus lamponga* Miq.; Moraceae; critically endangered
 1682. *Ficus lyrata* Warb.; Moraceae; cultivated only
 1683. *Ficus microcarpa* L. f.; Moraceae; common
 1684. *Ficus microsyce* Ridl.; Moraceae; critically endangered
 1685. *Ficus natalensis* Hochst. ssp. *leprieurii* (Miq.) C. C. Berg; Moraceae; cultivated only
 1686. *Ficus obscura* Blume var. *borneensis* (Miq.) Corner; Moraceae; critically endangered
 1687. *Ficus pellucidopunctata* Griff.; Moraceae; extinct
 1688. *Ficus pisocarpa* Blume; Moraceae; critically endangered
 1689. *Ficus pleurocarpa* F. Muell.; Moraceae; cultivated only
 1690. *Ficus pumila* L.; Moraceae; casual
 1691. *Ficus punctata* Lam.; Moraceae; cultivated only
 1692. *Ficus racemosa* L.; Moraceae; cultivated only
 1693. *Ficus radicans* Roxb.; Moraceae; cultivated only
 1694. *Ficus recurva* Blume var. *ribesoides* King; Moraceae; critically endangered
 1695. *Ficus religiosa* L.; Moraceae; naturalised
 1696. *Ficus retusa* L.; Moraceae; critically endangered
 1697. *Ficus ruginervia* L.; Moraceae; extinct
 1698. *Ficus sagittata* Vahl; Moraceae; critically endangered
 1699. *Ficus scortechinii* King; Moraceae; critically endangered
 1700. *Ficus sinuata* Thunb.; Moraceae; critically endangered
 1701. *Ficus stricta* (Miq.) Miq.; Moraceae; cultivated only
 1702. *Ficus subgelderii* Corner var. *rigida* (Miq.) Corner; Moraceae; critically endangered
 1703. *Ficus subgelderii* Corner var. *subgelderii*; Moraceae; extinct
 1704. *Ficus sundaica* Blume var. *sundaica*; Moraceae; critically endangered
